

Introducing the **GM HOOTERS** **MoonWalk**

for Breast Cancer Support
Walking on 17th May 2025

As a group of colleagues we were looking for a challenge, then we received the news that one of our amazing dreamteam had been diagnosed with Breast cancer.

What better way to show support to her and others in our Great Milton Family than to walk a half moon marathon (15.1 miles!) Please consider sponsoring us on this challenge to raise much needed funds for this important cause and to give us that extra motivation to keep on training and walk those miles.

Please use the QR code below to make your donations to our team fundraising page for wearing **PINK** on Thursday and help us make a start towards our goal.

Keep an eye out for more fundraising events in the future.
